

To Whom it may concern:

All Seasons Window and Door Manufacturing uses only American made raw materials in all of the window products that it manufactures.

Every component in All Seasons' windows are manufactured in the United States.

All Seasons has 170,000 square feet of manufacturing and office space at it's two manufacturing locations.

All Seasons manufactures all the aluminum and vinyl windows that it sells at either the Longview, Texas or the Bryan, Texas manufacturing plants.

Bill Akins,

President,

All Seasons Window & Door Mfg., Inc., Longview, Texas

All Seasons Commercial Windows & Doors Inc., Bryan, Texas.
