AMARR ADVANTAGE

Style and Variety

We offer a broad range of garage door designs to meet your unique needs; whether your home is traditional or contemporary, our Amarr garage door designs can add beauty, curb appeal and long lasting value to your home.

Energy Efficiency

Maintain the temperature in your garage with a garage door with a high R-value rating. We offer a wide range of insulations and door thicknesses to provide the level of energy efficiency you desire.

Safety

Our SafeGuard System features patented center and end hinges, exclusive safety bottom brackets and uniquely-designed pinch protection sections to enhance overall safety for homeowners. These garage doors are designed to reduce the risk of serious hand and finger injuries.

Protection

Amarr hurricane rated garage doors with impact resistant construction help protect homes and property in hurricane and high wind prone regions.

Sustainability

Amarr products are made with up to 90% recycled content and approximately 5-10% of the steel is reused at the steel mill.

Made in USA

All Amarr residential and commercial steel and aluminum garage doors are manufactured in the USA, affirming our commitment to high quality and durability.

AMARR CARRIAGE COURT

Distinctly defined. Amarr Carriage Court garage doors increase a home's curb appeal and the highly defined carriage house designs are easily visible from the end of the driveway.

Built with durable composite overlay trim and insulated steel-backed sections, these garage doors provide energy efficiency, noise reduction and innovative design to your home.

AMARR CLASSICA®

Looks can be deceiving. From a distance, you see wood. Up close, it's sturdy, durable, low-maintenance steel. The Amarr Classica collection of carriage house doors. Precision-shaped doors in fresh, clean, classic carriage house styles that go up and down like traditional garage doors. Unique three-section tall designs, instead of four, help deliver a more authentic carriage house look. Deception never looked so good.

Designs

Design your own look or pick from one of our many designs. Available with closed top section or with windows. Glass choices include Double Strength or Insulated.

Materials

Design your own door. Choose from the finest milled woods. Paintable or stainable wood exterior. See page 40 for complete specifications.

Decorative Options

Design your own finishing touches with decorative hardware. Popular choices include door knockers, handles, latches, braces, and strap hinges.

Visit www.amarr.com for all hardware options.

AMARR HORIZON H01000

Gain a unique perspective for your home. The Amarr Horizon H01000 combines strong horizontal lines with long, narrow expanses of glass to make a distinctive design statement. These sleek, contemporary, aluminum doors are available with dozens of glazing and color options, so your choices are practically limitless, and the outlook is always bright.

CONSTRUCTION

ALUMINUM

An Amarr Horizon H01000 multiview door offers unique styling to match any modern architecture.

- Extruded aluminum frame provides durability, low maintenance and corrosion resistance
- Tongue and groove section joints provide additional protection against the elements
- ClearView Aluminum Strut System does not restrict viewing area and adds strength and durability
- Equal glass heights in all sections of a door
- Glass expanses up to 8'2" wide

AMARR VISTA VI1000

It's the perfect reflection of your style. The modern industrial look goes residential with the introduction of the Amarr Vista collection.

From the outside, these sleek doors perfectly mirror the clean lines and glass expanses of your home's contemporary design. Inside, they transform your garage into a bright and inviting room.

CONSTRUCTION

ALUMINUM

An Amarr Vista full view door offers strength and beauty to match the stylish design of your home.

- 2" thick extruded commercial-grade aluminum frame provides durability, low maintenance and corrosion resistance
- Tongue and groove section joints and bottom weather seal provide additional protection against the elements
- Aluminum Strut System does not restrict viewing area and adds strength and durability to doors; available for up to 24' wide doors, when required
- Available in 21" and 24" section heights; and 18" for odd height doors
- Wind load options available to meet local building codes
- Attractive, modern exterior handles (2) included

20' x 10' Amarr Vista with Clear Anodize frame and Obscure glass

¹ It is your responsibility to make sure your garage door meets local building codes.

² Optional: Special-designed doors meet guidelines for CA Building Codes for use in Wildlife Urban Interface (WUI). Fire-rated doors with insulated and tempered glass windows available.

³ For complete warranty details, visit amarr.com or contact your local Amarr dealer.

* Optional: Wood-on-steel section construction is available. Some wind load pressures may require wood-on-steel section construction.

Doors are shipped natural. Priming is available for paint grade doors. All doors require finishing on all six (6) sides of each section within two days of receipt of door(s) and prior to installation. Visit amarr.com for finishing recommendations.

HARDWARE SPECIFICATIONS

TRACK: 2" industrial grade galvanized .083 horizontal and vertical track. Standard lift 25C-15" radius or 2LC-6" low headroom clearance. For doors over 650 lbs, 3" track.

HINGES: Up to 12': Single-end 11ga graduated galvanized. 12' and over: Double-end 11ga graduated galvanized.

ROLLERS: 2" nylon 10-ball bearing commercial rollers (short stem for up to 12'; long stem for 12' and over).

STRUTS: 3" galvanized struts

COUNTER BALANCE: 10,000 cycle torsion springs, cast aluminum cable drums, 1" diameter 11ga torsion tube. For doors over 650 lbs, solid core steel shaft and coupler if exceeding 151" in length.

FASTENERS: Cadmium plated fasteners (standard) for on-door hardware and securing tracks to jambs. All hinge fasteners are factory installed with concealed bolt heads (under the trim overlay).

OPERATION: Manual push-up. No lock assembly is supplied. Electric openers with 3/4 hp recommended for best possible operation.

Doors available in various heights and widths. Hardware specifications are consistent with doors not exceeding 18' wide and 10' high. Requirements escalate with door size and weight and have limitations. Contact your local Amarr dealer for specific details.
